

PHOSPHATE TESTING PRODUCTS

Phosphate Test Kits and Reagents (Ortho-Phosphate)

Filtering of Phosphate test samples is highly recommended. Phosphate will also need to be accounted for by the Poly Phosphate content being added in the makeup water in many municipalities as a corrosion inhibitor to the water. Also, Nitrite and Nitrates can be a source of interference.

Phosphate Test Kits

| CAT. NO. | PRODUCT DESCRIPTION | UNIT SIZE(S) |
|----------|--|--------------|
| 598-14 | Phosphate Test Kit, complete with Octa-Slide Viewer and Reagents (0-10 & 10-100 ppm PO ₄) (50 Tests) | Each |
| 0106 | Test Tube, 2.5, 5,10 ml, Plastic with Cap | Each |
| 194 | Stannous Chloride, Liquid | X,A,C,E |
| 208 | VM Phosphate Reagent | A,E,F |
| 759HD | Eyedropper, Glass, Scribed at 0.5 & 1.0 ml | Each |
| 1101-14 | Octa-Slide Viewer | Each |
| 4414-14 | Phosphate Octa-Slide Bar, 0-10 ppm | Each |
| 147250 | Phosphate (PO ₄) Comparator Test Kit (0-80 ppm) (100/Tests) | Each |
| 208 | VM Phosphate Reagent | A,E,F |
| 759HD | Eyedropper, Glass, Scribed at 0.5 & 1.0 ml | Each |
| 145000 | Comparator Base | Each |
| 145500/2 | Plastic Test Cell with Lid (2/Pack) | Each |
| 146250 | Phosphate Color Disc (0-80 ppm) | Each |

Phosphate Test Kit Replacement Equipment and Test Reagents

| CAT. NO. | PRODUCT DESCRIPTION | UNIT SIZE(S) |
|----------|--|--------------|
| 611 | Pre-Treatment Filtration Test Kit. Consists of: 30 ml Plastic Syringe, Filter Holder Assembly, Package of Whatman No. 5 or Equivalent Grade Filter Paper 2.5 cm, and Sample Pre-Treatment Filtration Instructions (100 Sheets/Box) | Each |
| 812 | Phosphate Comparator Test Tube with Stopper (Combination Low & High Range) | Each |
| 816L | Test Tube, Glass, 5 ml for Block Style Comparators | Each |

Phosphate Replacement Test Reagents

| | | |
|-----|---|---------|
| 167 | Molybdate Reagent | E,F,G |
| 193 | Stannous Chloride, Powder with #402 Scoop | B,C,E |
| 194 | Stannous Chloride, Liquid | X,A,C,E |
| 208 | VM Phosphate Reagent | A,E,F |

Phosphate Meter

| | | |
|----------|--|------|
| MP-9737M | MCI Multi-Parameter Photometer The MP-9737M comes complete with Batteries, Timer, Test Vials, and Instruction Booklet packaged in a Foam Lined Case. Reagents not included. Listed below is the Reagent Pack for Phosphate to be used in conjunction with MP-9737M MCI Multi-Parameter Photometer | Each |
| MP-9776 | Phosphate Reagent Pack, Low & High Range (50 Tests/Package) | Each |

Reagent Options for MP-9737M MCI Multi-Parameter Photometer Test Kit

| | | |
|---------|---|------|
| R-9437 | Enhanced Polymer Reagent Pack (50 Tests/Package) | Each |
| MP-9710 | Peracetic Acid Reagent Pack (50 Tests/Package) | Each |
| MP-9719 | Bellacide®301, 303, 350, and 355 Reagent Pack (50 Tests/Package) | Each |
| DR-9719 | Bellacide®301, 303, 350, and 355 Reagent Pack for use with DR890 Meter (50 Tests/Package) | Each |
| MP-9723 | Low Range QAC Reagent Pack (50 Tests/Package) (Quaternary Ammonia Compound) | Each |
| MP-9770 | DBNPA Reagent Pack (50 Tests/Package) | Each |
| MP-9771 | Total Copper Reagent Pack (50 Tests/Package) | Each |
| MP-9772 | Iron Reagent Pack (50 Tests/Package) | Each |
| MP-9773 | Free Chlorine Reagent Pack (50 Tests/Package) | Each |
| MP-9774 | Total Chlorine Reagent Pack (50 Tests/Package) | Each |
| MP-9778 | Sulfate Reagent Pack (50 Tests/Package) | Each |
| MP-9783 | Free Chlorine, High Range Reagent Pack (50 Tests/Package) | Each |
| MP-9784 | Total Iodine Reagent Pack (50 Tests/Package) | Each |

MP-9737M MCI Multi-Test Photometer Replacement and Equipment Items

| | | |
|---------|--|------|
| 765/10 | Syringe Plastic, 10 ml (1/Pack) | Each |
| 9737T | Timer, Battery Operated (original equipment for MP-9737) | Each |
| MP-9702 | 10 ml Glass Sample Cell with Cap Assembly (2/Pack) | PKG |
| MP-9799 | Batteries, Replacement AAA (4 Pack) | PKG |

Phosphate-Ortho Test Standard

| | | |
|-----|--|---|
| 010 | Phosphate-Ortho Test Standard Solution (5,10,50,100 ppm Phosphate-Ortho PO4) | E |
|-----|--|---|
